

## IHC 2025 Assessment Task 3 (AT3): Infographic

**Due:** Week 13, 11.55pm, Monday 3<sup>rd</sup> November 2025

**Assessment Weighting:** This assessment will contribute 30% of overall unit marks.

**Focus Capability Aspects:** In this Assessment Task, the following Focus Capability Aspects will be evaluated:

- 2.1 An effective personal and digital communicator
- 2.2 A patient-centred and safe clinician
- 3.1 A socially and culturally versatile practitioner

**Generic Capability Aspects:** In this Assessment Task, the following Generic Capability Aspects will be evaluated:

- 1.2 A scholar and research informed practitioner
- 4.2 A professional: meeting expectations and obligations

**Grading of the assessment:** You will receive a grade which will reflect a holistic evaluation of the work against the criteria outlined within the corresponding assessment rubric. Numerical marks will be calculated based on the following percentages, and rounded to the nearest full mark:

- High distinction (HD) – 95%
- Distinction (D) – 80%
- Credit (C) – 70%
- Pass (P) – 60%
- Pass minus (P-) – 50%
- Fail (F) – 40%

### Overview

Each student will provide an infographic on healthcare access for a specific group. Your topic is to be supported from learning obtained in your hours in the Community Clinical Placement Program.

**Length:** You have the option of presenting your infographic in one of two formats:

1. Poster format: 297mm x 420mm (A3 size; or 112 x 1587 pixels)
2. Blog format: 159mm – 212mm x 636mm (600-800 x 2400 pixels)

## Instructions

You will select a specific group from those identified on the iLearn site under AT3.

The infographic must contain information pertaining to the following:

### Part 1

#### 1. Why is it important to learn about this group?

- a. Outline the current demographic status of the specific population you are reporting on.
- b. Provide any statistics relevant to your population (for example: prevalence, type/frequency/mode of access to healthcare,)

#### 2. Person-centered care

- a. Outline 3-5 potential challenges to healthcare access in your group.
- b. State which area of The Dimensions of Healthcare this relates to.
- c. Provide current examples of how the healthcare system can support the healthcare challenges you outlined.

## Presentation:

The infographic can be designed using any tools or programs of your choosing, such as Microsoft Word, Microsoft Power Point or Infographic software such as Canva. However the infographic **cannot** contain active animation / gifs and must be uploaded into the assignment dropbox on iLearn as a **PDF, PNG or JPG file**.

Tips and resources to assist you with this assignment are available on the PHTY8103 iLearn site. A tutorial is scheduled to support you with preparing for this assessment. See the unit timetable for further details.

In completing your assignment consider the following:

- Ensure the information is clear, succinct and concise.
- Ensure the infographic is visually interesting, and contributes to the delivery of the key information and messages.
- Ensure clear links between challenges and suggestions for healthcare access improvement.
- It is **strongly recommended** that you use the assessment rubric as a guide when preparing your assignment.

## Referencing

Referencing should include numerical citation within the main infographic. Full reference citations must be included within the infographic in an appropriate position. For example, they may be listed at the base of the infographic, or within a small box in a corner of the infographic. References must in

the Vancouver style and of a size to be clearly legible. See Connected Curriculum ‘The Basics of Referencing’ available on the iLearn site for further details.

### **Assessment Task Submission**

Please submit your Infographic electronically on the unit iLearn site, using the Dropbox in the Assessment Task 3 section.
